

Types of activities to be included in the Register of organizations and persons involved in production, processing and/or storage of goods subject to control which are imported to the customs territory of the Customs Union (Register of the third countries enterprises)

N°	
1.	Production /
1.1.	Live fish /
1.2.	Fresh fish & cooled fish /
1.3.	Frozen fish /
1.4.	Fish filet (including fish meat é minced fish) fresh, cooled or frozen products /
1.5.	Dried fish, cured fish, salted or fish in brine, hot smoked or cold smoked fish, fish meal and food granules /
1.6.	crustaceans, in/without shell, live, fresh, cooled, frozen, cooked-frozen, dried, salted or in brine, crustaceans food meal and granules /
1.7.	Mollusks in/without shell, other live aquatic invertebrates, cooled, frozen, dried or in brine /
1.8.	Fish, crustaceans, mollusks and other aquatic invertebrates food meal and granules /
1.9.	cooled, frozen fish by-products /
1.10.	Fish, marine mammals, crustaceans, mollusks and other invertebrates food fast and their fractions /
1.11.	Marine mammals, invertebrates food extracts /
1.12.	Caviar of sturgeon, salmon and other fish species, caviar of invertebrates and its substitutes /
1.13.	Products with fish, crustaceans and mollusks additives /
1.14.	Fish cans /
1.15.	Crustaceans, mollusks and other aquatic invertebrates cans /
1.16.	Frozen fish for feed /
1.17.	Fish, marine mammals, crustaceans, mollusks and other aquatic invertebrates feed meal /
1.18.	Fish, marine mammals, aquatic invertebrates feed technical fast /
1.19.	Marine mammals and aquatic invertebrates feed fish cans /

2.	Storage /
2.1.	Storage of frozen (cooled) products from fish, crustaceans, mollusks and other aquatic invertebrates /
3.	Packaging /
3.1.	Packaging: fish, fish caviar, fish products, products from crustaceans, mollusks and other aquatic invertebrates, food meal and fat /
3.2.	Feed meal, feed and technical fats packaging /
4.	aquaculture /
4.1.	Production of fish breeding material, including live roe /
4.2.	Production of commodity fish (aquaculture) /

Note: If artificially grown materials (aquaculture) used for the production, you must specify the type of fish, crustaceans and other aquatic invertebrates in brackets.
