Step 5: Complete the requirements and submit the application for review and evaluation.
You will receive an email advising you on the status of your application.

Other reminders:
1. Once again, please make sure that the animal/s have an approved import permit **BEFORE** it leaves country of origin. Applying for an import permit after the animal/s has already left WILL lead to rejection of your application.
2. All Filipinos need to execute a Notarized Affidavit of Undertaking as attached in Annex A (for one-time importers), Annex B (for commercial importers) and Annex C (for foreigners). Foreigners do not need to have it notarized thus a signed Undertaking is only needed.
3. For concerns related to TIN number, all individuals who are transacting with the government need to have a TIN number. In the event that the importer is a foreigner, a scanned passport will be enough. For Filipinos living and/or working abroad for a long time, please attach any certification that you have been working abroad, including your passport, so that you will be allowed to accomplish the Annex C (for foreigners).

4. Take note of the "**MUST SHIP OUT DATE**" on the import permit. That corresponds to the validity of permit. If for some reason the animal/s have not yet left the country of origin by that date, you will need to apply for another import permit.

5. For problems encountered during registration or uploading of requirement, you may email helpdesk@intercommerce.com.ph. For other concerns, you may email nvqsd@bai.gov.ph
