

**Advice 06-2014 of the Scientific Committee of the FASFC on a draft royal decree defining the sanitary policy conditions for the trade and the import of ovine and caprine sperm, ova and embryos and defining the conditions for the sperm collection and storage centers, the embryo collecting and embryo producing teams and the sanitary conditions for ovine and caprine donors.**

The Scientific Committee has evaluated the draft royal decree and gives some specific comments and textual remarks. It recommends the drafting of instructions to explain the practical modalities concerning the sanitary requirements for donor animals of sperm, ova and embryos.

The Scientific Committee approves the submitted draft royal decree.
