

Advice 21-2018 of the Scientific Committee of the FASFC on a draft royal decree modifying the royal decree of 22 June 2010 on the control of the potato cyst nematodes

Terms of reference

The Scientific Committee has been asked to assess a draft royal decree modifying the royal decree of 22 June 2010 on the control of the potato cyst nematodes.

Method

The advice is based on expert opinion.

Advice

The Scientific Committee agrees to cancel the derogation for obligatory crop rotation for potatoes harvested before the June 20th.

With regard to expanding the concept of "greenhouse crops" to "crops cultivated in permanent greenhouses", the Scientific Committee suggests using the terms "irremovable greenhouses" rather than "permanent greenhouses".

Conclusion

The Scientific Committee supports the modifications made by this draft royal decree to the legislation in regard to the control of potato cyst nematodes.
